Dates: 2/2/26 - 2/13/26

| Members | User ID | Phone |
|----------------|--|--------------------|
| Alina Zimavaya | azimavay@highpoint.edu | (919) - 791 – 7215 |
| Luke Fixari | lfixari@highpoint.edu | (614) - 981 – 9543 |
| Crawford James | cjames@highpoint.edu | (980) - 622 – 2961 |
| Alex Wilcox | awilcox@highpoint.edu | (703) - 945 - 5007 |

2/2/26

- No class due to inclement weather.
- Group worked on Walkthrough 1 to be completed on the fourth.

2/3/26

- Team worked on final touches on the walkthrough to submit before presentations began.

2/4/26

- Walkthroughs begin for each group in class.
- We will go on Friday the 6th.
- Project Plan moved due on the 9th.

2/6/26

- Our group finally presents our walkthrough to the class.
- Feedback on the presentation given back to us on that day.
- Group discussed what needs to be finished on project plan and spaced it out accordingly to each member.

2/9/26

- A couple of group members are out sick.
- In class discussions

2/10/26

- Walkthrough 1 graded (30/30)
- Beginning to work on walkthrough #2.
- Requirements document due (group discussed what else needs to be in the document).
- The group discussed and began working on math to calculate what the project is asking for.
- Team picked out their four main hubs
 - ATL
 - LAX
 - DEN
 - JFK
- Began preparing for 3rd client meeting.

2/11/26

- Client meeting today with the entire team.
- Questions were provided by each member, and answers were documented.
- Group needs to stay on tasks of goals and complete them.
- Discussed with the client about operation scenarios.
- Client made aware to group members that they will have to defend their code in the ending individual meetings.

2/13/26

- Client meetings continued for other groups.
- Group members began to study for upcoming exam on Monday the 16th.
